

The General Index of the Ambassadors to and from the Ottoman Empire

An Introduction:

This register encompasses the research output from the subject literature which have inventoried envoys and ambassadors to and from the Ottoman Empire. It aims to serve as an initial general index as result of research conducted by Don Juan Archiv Wien between 2007 and 2011. It is a compilation of literature and other sources which have so far provided ambassadors' lists to and from the Ottoman Empire, thus it is the most extensive register of its kind.

The primary sources relied on are the register of envoys and ambassadors to and from the Ottoman Empire compiled by Joseph von Hammer-Purgstall (1774-1856) in his *Geschichte des Osmanischen Reiches* (Pesth, 10 vols., 1827-1835) and Faik Reşit Unat's compilation of Ottoman ambassadors in his *Osmanlı Sefirleri ve Sefâretnâmeleri* (ed. Bekir Sıtkı Baykal, Ankara, 1968). For the further sources the bibliography below can be referred to.

The register includes lists of envoys and ambassadors from the following states: Egypt, Byzantine Empire, Denmark-Sachsen, German Empire, Kingdom of England, Kingdom of Spain, Duchy of Florence, Kingdom of France, Republic of France, French Empire, Republic of Genoa, Kingdom of Great Britain, Republic of the United Netherlands, India, Sultanate of Morocco, Kingdom of Naples, Kingdom/Republic of Netherlands, Persian Empire, Kingdom of Poland, Kingdom/Republic of Portugal, Kingdom of Prussia, Principality of Romania, Russian Empire, Holy Roman Empire (S.R.I.), Austrian Empire, Austro-Hungarian Monarchy, Kingdom of Sweden, Principality of Transylvania (Fürstentum Siebenbürgen), Republic of Venice, Prussia, Persia, Poland, Morocco, Netherlands, Portugal, Romania, Russia, Kingdom of Hungary, Republic of Venice, Duchy of Milan, and the Ottoman Empire.

This first general register as work-in-progress is open to further research findings and additions. It is also ready to welcome the most actual lists of ambassadors in the nineteenth, twentieth as well as twenty-first centuries, where these lists of ambassadors lack.
